

# Conley Casting Supply Corp.

## **Used White Metal Casting Setup 12" Casting Machine, 25 Ton Vulcanizer, and 160 Furnace**

**Conley 9/12 A.C. Air Cast Machine** - Can handle molds 9"/12" in diameter and up to 3" in thickness. It has a 1/3 HP A.C. drive with a manual speed adjustment. Digital RPM readout is taken directly off the mold head shaft for accurate speed readout. Forward/Reverse switch, disc brake, 0-60 PSI air regulator with 2" gauge up top for quick and easy read, removable tank for cleaning. 110 volts ac.

As-Is in good working condition cleaned and painted.	\$900.00 each
Reconditioned clean, paint, and replace all worn parts.	\$1,400.00 each

**Four Post 35 Ton Vulcanizer** - #FP35T-A four post construction with Blanchard ground steel plates. It uses a 35 ton mechanical jack with a 3" diameter ram. The heater platen size are 3/4" x 14" square Blanchard ground steel plates with Dial temperature control that will maintain 300F +/-15F. Power requirements 220 Volt AC, 50/60 Cycle, 2200 Watts. Dimensions 17-1/2" wide, 19.5" deep, 17.5" wide and 38" high, Approx. 655 lbs.

As-Is in good working condition cleaned and painted.	\$800.00 each
Reconditioned clean, paint, and replace all worn parts.	\$1,300.00 each

**160 Gas Melting Furnace** - Has a capacity of 160 lbs. of Lead or 100 lbs. of Pewter it is mounted on stand and piped with a 120-volt Robertshaw gas safety solenoid valve and 36" thermocouple attached. Unit has a Cast Iron Well. Partlow electric control, natural or propane gas operated. Gas consumption is 30,000 BTUs per hour.

As-Is in good working condition cleaned and painted.	\$600.00 each
Reconditioned clean, paint, and replace all worn parts.	\$1,000.00 each

Crating is \$150.00 per crate.

Strapped and rapped \$95 per pallet

Shipping is 3-4 weeks from date of order.

A 50% deposit is required with the order and the balance upon ship date.
